Well that's interesting - Dixie fire - last night @1900 PSS [REDACTED] was 'not concerned in the slightest' - now we're at 100+ acres and considering an IR once we get intel from the 0800 Command call - PSS [REDACTED] will attend.

Quick item of feedback on the report this morning - you spelled it HAWK - instead of HAWC File sent: 😊

[REDACTED] Did you see the Caribou Trouble email? Please have HAWC represented on the call.  
Thanks, [REDACTED]
