Currently no impacts to Highway 70 and the fire is growing towards the North, however this can change depending on winds.

Subject: Fire on Hwy 70

Outage Team,

This morning Rock Creek Ops reported the fire on Hwy 70 and Cresta Dam grew to 100+ acres. I'm unable to find any information beyond that. I'll be calling rock creek in 5 minutes for another update.

Please be careful and look out for road closures. We may also have to be prepared to evacuate Bucks, but Caribou is fairly far away.

Outage Manager, Sr
