Dixie fire picked back up overnight. [REDACTED] called me at 1120, 1140 and 540 this morning. He'll begin drafting an IR. PSs will attend incident briefing at 0800. [REDACTED] will send final epage at 745ish stating all future Comms will come via incident report.

6:50 AM

I think one of us will need to take ops from him today. He was up all night.

Summaries: Note no LOBs called - [REDACTED]

[REDACTED] 10:02 AM
If no LOBs are called but EII is, need to note that. Drives questions as to why EII and not others. Noting it avoids you and I having to dig in the morning.

[REDACTED] 10:03 AM
Today's count: 2 Epages, one IR, another IR soon.

[REDACTED] 10:04 AM
So this is a good eample?
