Hi [REDACTED]

As far as I understand, there has been no news or announcements relating to any outage impacts in El Dorado County due to the Dixie Fire in Butte County.

We are watching the fire closely, and should there be any information regarding potential outages, I will make sure to provide updates to you.

Thanks and please let me know if you have any additional questions or concerns.

Warm Regards,

Good Afternoon [REDACTED]

I hope you're doing well. I have heard from another source there may be a potential PG&E power outage that may affect hundreds of thousands of customers, possibly some in El Dorado County, due to the Dixie Fire near the Feather River Canyon. Do you have any information on the potential outage? If so, could it affect the City of Placerville? Any information would be helpful. Thank you.
