Team	7/11/21	7/4/21	6/27/21
[Redacted]	Green	Green	Green
[Redacted]	Green	Green	Green
[Redacted]	Red	Green	Green
[Redacted]	Green	Green	Green

- Nurse Care line calls** [Redacted]
- Number made this year: 0
 - Number made within 24 hours: 0
 - Overall status: Green

Notes/Action Items/Todays Plan

- Gas assets-turn on gas distribution layer!-ALL
- River Fire: 9,500, 21%
- Dixie Fire - [Redacted]
- AI: Ignore Strawberry - [Redacted]
- AI Detections: Supes gathering info - [Redacted]
- AI Training today - [Redacted]
- Daily staffing matrix - [Redacted]
- SRVCC Wednesday staffing - [Redacted]
- Summaries: Note no LOBs called - [Redacted]

Weather Risk

- Summary/Fire potential/Watches/Warnings

- Onshore flow will continue to result in downward trending temperatures across the far interior today, with highs still topping out a few degrees above normal and between 100-105 degrees.
- Otherwise, seasonal temperatures are expected across most of the territory today, with cool temperatures along the coast. A few isolated thunderstorms will continue to be possible across the southern Sierra this afternoon but should remain along the higher elevations.

Operations

- Previous 24-hour activity, active incidents, review PBI report/summaries, tech issues

- Current Tech issues:**
- GOES Satellite: X
 - WIV issues: X
 - T4Flex issues: 1
 - Cisco IP Phone: X

Ignition tracker (07/14)

24 hours	1
YTD	498
2020 YTD	702
Active	2

Open Shift Status: 2
(Green = none next 7 days)

Elevated Staffing Open Shift Status
(Green = none next 7 days)

Daily Lineup:

SUPERVISORS				
NAME	SHIFT HOURS	ROLE	LOCATION	NOTES
[Redacted]	0800-1700	Manager	Remote	
[Redacted]	0700-1700	Supervisor	SRVCC	
[Redacted]	0800-1800	Supervisor	Remote	On Call
[Redacted]	0700-1700	Operations Supervisor	Remote	
[Redacted]	0800-1800	Supervisor	Remote	SRM, prepare for HAWC
