Attendees:

Please note that Véronique Francis will not be able to take part. However, Colleen Donnelly would represent GSK legal for the CDA topic.

Also, Yannick vernaève-Schoen could accept the invite so that we can also make a status on MLSA topics.

Dears, we have been engaged lately in email exchanges to set-up a CDA between our companies. Due to tight time constraints, and because this CDA is the limiting factor for further important discussions, we would like to have this CDA final by week 14.

To achieve this, a TC is presumably the most efficient way from now to discuss toward a final agreement.

Please Daniel make sure this invitation is extended to the appropriate persons at your end. Kindly note that GSK legal couldn't be inquired on availability yet (we are out of working hours in Belgium now): it needs to be confirmed by Monday. Before then, many thanks to provide us with all relevant remarks your colleagues would already make based on our review of your template (annexed)

Many thanks to all for your participation in this project and excellent WE,

Nicolas
