Subject: Theranos

To our shareholders:

Last September, we introduced our products to the consumer and clinical markets after ten years of incredible work and the dedication of so many people. It opened a new chapter as we took the next step in realizing our goals. We have seen our work bring hope to those whose lives we can touch, and begin to touch the lives of the people we serve. We've enclosed below a few recent anecdotes on this.

With this email, we're very pleased to share with you this month's Fortune magazine cover story. Fortune did in-depth research to understand the impact our work will have on the world, and we selectively shared more of our work for this piece. We've enclosed the web link here, and posted the piece on our website, as always:

<http://fortune.com/2014/06/12/theranos-blood-holmes/> . We'll be in newsstands/airports etc. this weekend.

With our best regards,
