That's great. Who was in the meeting?

Let me connect with Gary today and I'll get back to you asap on that

Subject: Meeting

Hi there

We had our first group meeting today to start talking about assessing new technologies, thinking ahead and thinking out of the box. Everyone seems enthusiastic to do this sort of thing....we had about 10 people...I think it will get larger....should be a good thing for Theranos, Inc.

Channing

PS Turns out Alexei has had immunoassay experience and I pointed this out to Gary...he said he will re-think his assessment of Alexei so before we go down the client solutions path [unless you want to] we could see if anything
