The first 43 tests (highlighted in "blue") cover 90% of the test volume for routine tests. The second attachment, sorted in the same manner, includes the test frequencies as well as the additional test information for internal Theranos use.

Subject: test lists

Please find attached:

- 1) "routine_esoteric_7_28_2010": Theranos internal list; includes both routine and esoteric tests, assay methods, classes, sample types, etc
- 2) "Theranos Routine Tests": list for Walgreens; includes only routine test names and CPT codes

Please let me know if you need anything else on this front at this time.

-Daniel
