Jennifer,

We did the next 1,100 to account for potential overlaps of the two lists.
But not much overlap so 2,139 (not 2,200) added prescribers to this "supplemental" list.

The Kadian volume is relatively low because most of the high volume Kadian prescribers are in the sales target group.

Hi Matt,

Our telemarketing team had additional bandwidth to add more targets to their call list. Could you please send us the next names that would be on the list, with the following breakdown:

1. Next 1,000 Generic Morphine Sulfate ER writers that are not sales team targets.
2. Next 1,000 Kadian writers that are not sales team targets

If you have any questions please let me know.

Thanks,

Jennifer

Matt,

Please see the message below from Erin at Technekes. She only received one version of the target list for Kadian telemarketing targets (see attached list). Is there a newer version from 9/21 that they should be using?

Thanks,

Jennifer

Jennifer,

I was reviewing a few emails and came across your email in regard to Dr. Gershwin. The attached target list is the only target list received for Kadian? Should we have received an updated target file on 9/21? Feel free to contact me if you would like to discuss/review.

I will have Liz reach out to Dr. Santasiero's rep to coach on delivering the delicate territory restructuring messaging.

Thanks,

Hi Erin,

At long last....please see the attached target list.

The methodology used to select the targets is as follows:

1. Top 1,750 Generic Morphine Sulfate ER that are not sales team targets.
2. Top 1,750 Kadian that are not sales team targets

Then combine the list of 3,500 to get a unique list of 3,204 telesales targets.

We've included comments and telephone numbers from our previous tele-support company. Hopefully this will provide some guidance in a few cases.

Please let me know if you have any questions.

Thanks,

Nathalie

Erin,

Please see e-mail messages below. Dr. Gerwin was removed from the latest version of the Technekes target list. Can you please confirm that you are working with the list from 9/21?

Dr. Santasiero should be on your list. He was called on but recently dropped. Do you have experience with how to explain this delicately (territory restructuring, etc)?

Thanks,
Jennifer

Gerwin was on the first list before we had to modify it adjusting for all of the address dups. So he was on the 9/18 list and then removed on the 9/21 list.

Probably just version control issue.

His name should not be on the most current Technekes listing.

Matt,

It seems that Gerwin may be on both the Technekes and the sales team's target list. Can you please double check? If so, Gerwin should be removed from Technekes.

Nathalie,

Santasiero is on the Technekes list.

Gerwin is on the Actavis target list.

Santasiero had volume last year but not much this year. Could be a good target if you wish to move the prescriber to the target list instead of keeping it with Technekes.

Can you please check to see if these two docs are still listed as current KADIAN targets, or if they were part of the add/drop exercise?

Hi Nathalie,

Technekes has had the following physicians state that they have Kadian reps. I'm wondering if we can verify that we are no longer calling on them (perhaps they were "drops"), and if so if we should politely let them know that we are now calling on them via phone:

1. Ronald Santasiero (Sedona Holistic Medical Center), Hamburg, CT

ME# 0350675140

2. Robert Gerwin (Pain and Rehab Medicine), Bethesda, MD

When do your world travels begin? I'm glad you'll have time to enjoy yourself - see you when you get back.
