Subject: Emailing: valuetrack oxy high demand
Attachments: valuetrack oxy high demand.pdf

See attached for a report generated by ValueTrak - I ran it this morning for Oxy 15mg and 30mg, high quantities of product compared to their historical demand (3 month average demand, the exception was triggered if their usage was 50% higher). This report covered two-week period and generated 1,000 exceptions. We may want to loosen the parameters

I am running the other two reports now.

Rachelle
