Dear Industry Associates:

Bayer HealthCare Pharmaceuticals is extremely proud to sponsor this photo album celebrating the people and events at the 2010 Business and Leadership Conference of the Healthcare Distribution Management Association.

The JW Marriott Orlando, Grand Lakes, in Orlando, Florida, was the scene as executives of the HDMA membership, dignitaries and guests gathered June 6-9, 2010, for this new meeting format.

In addition to the excellent programs, the meeting offered many opportunities to visit with industry friends, make new acquaintances, and enjoy a change of pace from the business routine.

Our sincere congratulations to everyone who helped make the event a valuable success!

For those of you who attended the meeting, we hope the album serves as a keepsake of your participation. For those who were not in Florida for the event, we believe the album offers a glimpse of a very special time.

Now, please enjoy your pictorial review of HDMA's 2010 Business and Leadership Conference.

Sincerely,

The Bayer HealthCare Pharmaceuticals Team

The 2010 Nexus Award winner Mike Catanio, Bayer HealthCare Pharmaceuticals, with his wife Debby and their son Nathan.
