

WORK ORDER NO. ACTA-0001

This Work Order No. ACTA-0001 (the "Work Order") is entered into by and between **Actavis Inc. ("Actavis")** and **Tegra Analytics, LLC ("Service Provider")** effective January 27, 2012. This Work Order is hereby attached to and made a part of the **Master Services Agreement between Actavis and Service Provider dated January 27, 2012 (the "Agreement")** in accordance with the terms thereof. The Services will be provided in accordance with the terms and conditions of the Agreement. All capitalized terms used herein but not defined have the same meanings ascribed to them in the Agreement. In the event of a conflict between this Work Order and the Agreement, the Agreement will control, unless specifically stated to the contrary in the work order.

Work Scope:

1. Services to be provided.

- a) Design and develop reporting templates for weekly and monthly data. These initial designs require input from field sales management and substantial data integration and report automation coding to be able to generate periodic reports in a timely manner.
- b) Monthly prescription reporting at the territory, regional and national levels. These reports will display a summary of key statistics (the "Dashboard"), performance measurements, TRx data and prescriber information and will be used by sales management and the field sales team to track performance.
- c) Weekly management reporting: This weekly report will be used by Actavis' management to monitor trends in key territory, regional and national TRx trends. A report template will be provided by an authorized representative of Actavis and finalized with Service Provider.
- d) Ad-hoc services include one-time requests from Actavis such as a TMS target list extract, matching prescribers from disparate data sources, generating special targets lists for a market event (FDA ruling), etc.
- e) Alignment and Deployment methodology, implementation, management sessions and rollout. This service re-deploys a sales force from ~50 to ~120 in the first half of 2012 as well as monthly maintenance of the target lists.
- f) Incentive Compensation Reporting: This report will display results for the first, second and third trimesters of 2012 corresponding to the Incentive Compensation timeline and will be used as the basis for which to calculate incentive compensation payouts.

Service Provider shall use commercially reasonable effort to provide final weekly and monthly reporting deliverables in Excel format via e-mail to Actavis and to the sales team as applicable, within 3 to 5 days of receipt of the underlying information from Actavis and/or a third party designated by Actavis. The fees associated with the use of the underlying information shall be paid by Actavis (for example the Third Party Support User Agreement for the Use of AMA Physician Professional Data). In the event a contract delivery date falls on a weekend or federal holiday, delivery will be made the next business day thereafter, unless otherwise agreed to by the parties in writing. Service Provider agrees to notify Actavis immediately should a delay in delivery arise for any other reason.

Term of project:

This Work Order shall commence on January 27, 2012 and continue until the earlier of either (i) completion of Services; or (ii) February 28, 2013. Service Provider requires data extracts from Wolters Kluwer Health (WKH) ("Wolters Data") or IMS America ("IMS Data") provided by Actavis**. Consultant will begin work after the Wolters Data or IMS Data has been received and report specifications have been developed in cooperation with Company. The data integration and report development will take approximately four (4) weeks to complete after receipt of the Wolters Data or IMS Data from Company or approval of the Work Order.

Fees, Expenses & Bill Schedule:

Description	Estimated Cost*
Part 1: Report development and initial design	
Field sales report development	\$13,500
Management report development	\$5,000
Part 2: Monthly reporting for field sales	\$8,000 / month
Part 3: Weekly/Monthly reporting for management	\$2,000 / cycle
Part 4: Ad-hoc services	\$3,500 / month
Part 5: Alignment & Deployment	\$75,000*
Part 6: Incentive Compensation reporting	\$4,000 / quarter

** If the actual cost of the Part 5: Alignment & Deployment is less than \$75,000, the residual will be placed into the Ad-hoc budget for 2012 and 2013.*

FEE SCHEDULE:

Invoices are generated at the end of each month.

Payment terms are Net forty-five (45) days after receipt of invoice by Actavis.

Please note that supplies, printing costs, travel and accommodation costs shall be reimbursed pursuant to Exhibit A of the Agreement.

** Please note that all data and data related fees to be paid by Actavis including AMA licensing fees (e.g., Service Bureau fees).

By their signatures below, the parties are agreeing to the terms of this Work Order.
