Can they send us something confirming the amount dispensed to the VA?

Gentlemen,

Here is another account that is a repackager for the VA. Over 90% of their business is with the VA and they can't fulfill their contracts with them. Is there anyway we could raise their limits. Account number 127978.

Thanks,

Seth,

Attached is a summary of all control items previously purchased from Anda with an estimated monthly usage in pills. Right now my concern is getting the C2 products released in support of my Federal contracts with the VA system.
