	Top line sales: Up 120,000 sales. Main contribution is due to variety of clinics referral. FPMC-just detailed yesterday -San Jose and Palo Alto (on webster street). We mainly retain all Rx from this site. RSC: Reproductive science center - detailed in San Jose -some are from San Ramon We have 2 new MD that are referring the patients to us. Dr. Yelian, Dr. Huang, Dr. Purcell. Dr. Huang travels to China and refer most chinese speaking customers to this site. Dr. Purcell was from FPMC and now is at RSC. She doesn't have a lot of patients. We offer free delivery to the patients and give them office supplies. PAMP and FPNC merged in June. - we are seeing more PAMP from Palo Alto and Fremont. We are seeing the increase in retail busienss.

walk with st mgr

Love Customers: techs

positive

OPT needs to schedule several weeks of training, one on one with each tech. Shadow each tech one on one. Workflow Rescue We need more than just one timer rescue, Rx is growing and the staff is not having a sense of urgency.

Q96 Please select 1-2 of the stores biggest areas of opportunityUse GROW to coach to these areas with the RXM and/or MGR	Total immunizations Immunizations Ideas to improve Goal is 1 immunization a day!! Focus on Pneumo/zostava x/menin. Should be looking at the RX's and actively making recomendations. Techs should be actively asking patients - Every immunization should be preceded with a BP reading!! make it a habit. part of filling out the paper work. If you approach this as "we do this with every immunization" the patients will love it Medicare part B -all insulin rx's we should be actively asking pls for their testing supplies - maybe cap the rx's so that the rph has to talk with them Flavoring- - please work at flavoring rx's should be asking every pateint at drop off. MTM- PLease create a plan and schedule to accomplish this EVERY week. not just towards the end of the month		0.00/0.00	0.00

Q96 Please select 1-2 of the stores biggest areas of opportunityUse GROW to coach to these areas with the RXM and/or MGR	Total immunizations Please work on a way to increase awariness of all programs in the RAISE the GAME areas. We should not be heavily screening, we should be making this easy on ourselves. No need to look into pt profiles, based on the meds the tech are filling we should be able to "make the patient aware" of services we have. i.e. all insulins get a testing supplies sticker, whether or nor they already use us for supplies.. take that opprotulinty to tell them we carry all mejour brands and to let their friends know! Maybe even find out about a support group that a member of mngt can show up to and give a presentation. i.e. all inhalers get a pneumo sticker.. even if the child is 5 years old.. we should make them feel that we care about their childs wellness!		0.00/0.00	0.00

Are you taking any actions on any immediate hiring needs?Are you using your budgeted hours (over/under)?	Store is #1 in cross training and rx support. no turnover. - I do believe that we need to work on the level of work being done during the slower times. - Please work on setting the expectations for the patients, especially when there is an issue at the outwindow... keep track of what is slowing it down. - do not cash out an rx without calling the pt and asking them to give us 10-15 minutes-- not this on the rx label under the one time label comments- this will allow the outwindow to not "stop" doing their work to fix an issue..	0.00/0.00	0.00
