**Analyst Comments**

Maha El-Bohy reported the following concerns on the COBC Questionnaire. Please investigate.

QUESTION - Do you know of anything involving the company or a team member that might be a violation of the Walgreens code of Business conduct? please only report concerns that are currently occurring or have occurred at your location.

RESPONSE - Yes Concerns at store 3166. Staff is being pressured to fill all narcotic prescriptions by pharmacy manager. Pharmacists refuse to partial fill c-2s as well as denying narcotics based on good faith, when this happens the pharmacy manager creates a negative work environment. I worked at this store for several years. When new management came in requesting to partial fill c-2s I informed the pharmacy manager I was uncomfortable doing so based on the fact that medications were not recieved during Jul
