Hotline Information

Store Mgr spoke badly about the staff Rph stating that she is the reason the stores verified by promise times are bad & that she will not let the rxm " go down for this". She stated he will be written up, disciplined for not meeting the outrageous numbers. The staff Rph is the one who catches all the medication errors & there have been several made by the rxm bc he's rushing through checking them, afraid to be written up. Several techs have caught errors before the were dispensed, but several stars reports have already been filed. It was so unprofessional. How can thus company threaten disciplinary action against RPhs working with medications & people's lives? Our last rxm made over 15 errors in one month, more than 30 stars reports! As a team we were petrified for our patients safety. Several techs have already voiced their concern to this staffs Rph bc they trust her & are tired of catching the rxms mistakes. The one Rph who isn't making medication errors is getting verbally abused. How can this company care more about numbers than patient safety.

Supporting Documentation:

Other rx technicians can also vouch for this
