**Subject:** RE: Interstore from 11171 of gen. 10/650

Good Morning Rob,

The order was reduced systematically for store 09144 due to the store exceeding the Corporate Ceiling limit. When store 09144 is compared to the rest of the chain (see below) 09144 has purchased about 8 times more Hydrocodone 10/650MG than the rest of the chain. I have concerns that store 09144 is not following through enough with GFD policy and the RxS should consider re-educating the store. We are here to protect the DC and stores from losing their DEA licenses and it becomes harder to defend these types of stores to the DEA when a store is purchasing 8 times more than the chain average.

Also to note, District 244 is number 1 in chain for the most purchases of Hydrocodone 10/650MG in the month of January. Without justified explanations of why this district/stores are dispensing so much of this one strength of Hydrocodone, we will not be able to approve any additional product.

District NBR	WK 1/1/2013	WK 1/8/2013	WK 1/15/2013	WK 1/22/2013	WK 1/29/2013	January Totals
244	32,200 Tabs	34,500 Tabs	33,800 Tabs	28,900 Tabs	30,700 Tabs	160,100 Tabs

If there is something you would like to discuss further please let me know.

Be Well,

PLAINTIFFS TRIAL

Hi Steven,

Thank you for your help with the below order. Could you explain why the order was originally approved for 18 bottles then reduced to 10 so I can help Chris understand. I fully support and understand our GFD program and the inventory adjustments that need to be made, I just want to be able to explain accurately the reasons in this case. Also as an FYI - This store only receives 1 delivery per week.

Thank you for all you are doing to protect the company and our people.

Be Well,

Hi Rob

Here's the path that I was working on last week. Steve Mills left a voice mail for me saying he could now only do 10 bottles but no confirmation as to when it will arrive. Any help?

Hi Steve

I just dialed into the store – here's the actual screen shot of their inventory levels and current on-hand. Unfortunately, your shot below is from the wrong store. The store number is 9144.

We need the product as promised.

Chris,

Sorry about that I looked at the subject line and pulled the wrong store.

Store 09441 has not sold Hydrocodone 10/650MG since WK 1, current on-hands are 277. Why does the store need 20 bottles they aren't even selling the 277 they have on-hand?

Hi Steve

This location #9144 was to have received 20 bottles per previous override. Order shows zero. Can you check on this? If none is coming, can we get a rush delivery on it to this store?

No. When we talked Wednesday, my truck order was delivered the next day. Now I check in SIMS and it shows zero on an "open order" which would indicate I am receiving zero on this warehouse order.

Thanks.. Just FYI, my warehouse order shows zero of this item ordered today to be delivered Thursday, as you had said an override was approved last week. WIC is 672664.

Thanks and see you tomorrow at 9.

Chris,

Just wondering if it was possible for us to interstore some Lorcet 10/650 from Lisa at 11171. She said she can spare 500-600 tablets. We currently have 90 tabs in our OOS.

Let me know, thanks.
