Lynn,  
Would you like me to meet with him and see what he is all about. Bill speaks highly of him.  
Let me know your thoughts.

RJM

Lynn, (aka the Diamond Lady)  
I remember last month when we met with Jesse Vivian RPH, JD of Wayne State in Detroit and you made a comment on how it would be nice to have a local speaker in the area that is also a pharmacist and a lawyer that talks about the legal aspects of pain management. We all agreed that we would have to work on Mr. Vivian to educate him on pain management.....  
Well this past weekend I spoke at a Walgreens and the other speaker was a pharmacist/lawyer that spoke on  
"Should I Dispense This? Recognizing Appropriate Pain Management"  
and  
"Managing Legal Risks for Dispensing Errors"  
He has a personality and is a good speaker that understands pain management, he practices defense law in Chicago  
His name is Nicholas Lynn, RPh, JD  
at Duane Morris  
227 West Monroe  
Suite 3400  
Chicago, IL 60606  
312-499-6731  
For your records.  
PHARMACON uses him quite a bit and I can see why.  
I am developing a relationship with Mr. Lynn for further advocacy in this area of appropriate pain management.  
Just thought I would pass it on.  
Bill
