Jenn, Todd and Van:  
Great news.  
Please let me know when this is going live so we can inform our sales force.  
Thank you,

Hi, Van and Todd,

I wanted to send an update to let you know that the eVoucher contract for the three Purdue controlled substance products has been executed! I need to confirm when the program will go live, but all the final signatures have been obtained and the contract was sent over to RelayHealth. I can follow up when I know the "go live" date.

It took a long time, but we finally completed this! Thanks for your patience!

**Be well,  
Jenn**

Hi Jenn...I just received a vm from Tony Scifo at Purdue indicating that our eVoucher system is now running for scheduled products, such as Butrans. Can you confirm and let me know what the key decision factors were in this decision? Thanks.

Be Well,

I actually just sent a follow up to legal regarding this today. I hope to hear back within the next week or so. I will let you know if I am given the green light to proceed with updating our agreement with Relay.
