Matt,

Attached 2 of 5.

Yes that is correct this file we recreated is all current Kadian writers for the past 24 months by product by dose, with target flag and PDRP flag included.

Thanks,

Brian

Thanks Brian. Yes, I received, pls forward the second.

Just to confirm, all Trx information is just for Kadian, correct?

Matt,

Since they are .xlsx they already are compressed. I have split the files up. I have attached the first one in this email. Please let me know if you get it. If so, I will send the remaining files.

Thanks,

Brian

Hi Brian,

Any thoughts on how to proceed?

thanks

Is that 21 mb zipped?

Is the file just Kadian prescribers or the whole market?

I don't have an FTP site to direct you to. If it's 21 unzipped, let's try to zip it and send via email.

If it's already zipped, any suggestions on how we could lower the size of the file? I'm really just interested in seeing Kadian prescribers over the past 12 mos.

thanks

Hi Matt,

Looks like your IT is not allowing the site. It is a 21 Mb file.

Do you have email size limits?

A FTP site that I could access?

We have our own FTP but requires a software download on your part to access, which I am

assuming you won't be able to allowed to do.

Thanks,

Brian

Thanks Brian,

Unfortunately I cannot access as per the message below.

Any thoughts on how I can access it?

Hi Matt,

I have re-sent the link. Please let me know if you are having trouble receiving it.

Thanks,

Brian

Subject: Kadian request

Good Morning Brian,

You had provided a Kadian request to Nathalie on 12/19, but it expired on 12/26.

Is it possible to have it repopulated?

Thanks,

Matt Tolkacz
