

The screenshot shows a Twitter thread starting with Elon Musk's tweet: "Am considering taking Tesla private at \$420. Funding secured." This tweet has 8,343 retweets and 38,534 likes. Below it are several replies, including one from user 'Gall' who expresses concern about investors missing out on the upside. Another reply from 'Derek M.' asks if they can still invest once private. The thread ends with a tweet from 'Elon Musk' stating "Do not forget about our competition!"

At the bottom of the screenshot, there is a dark banner with the text "giving away 5 000 Ethereum!" and the Ethereum logo. To the right of the banner is a yellow evidence tag that reads "EXHIBIT KM-7 SF-4082 9-11-18".
