A couple other random thoughts:

- 1) Larry Ellison should be on our list of potential buyers
- 2) at some point, we should include the structured finance guys like ram (wall x) and Srujan in addition to obviously talking to Kurt about the art of the possible on leverage
- 3) at the right time, we should talk again to Hirsch about debt from Apple
- 4) google and/or Larry and sergey should be on the buyer list too, as long as they don't come with strings attached strategically
- 5) Sam, let's talk live about the role we want and thus any implications on the pages we pull together, etc

 Yes – he worked on the Dell deal which is likely why he was recommended here (worked for Michael, wouldn't surprise me if Egon or Michael made the intro)

 I've only talked to Rosenblum by phone. Meeting him in a few hours, but answer is probably yes.
