I think it would be great to get something on the calendar to review and discuss. My preference would be either Thursday or Friday mornings – I can work with Ana to get something set up?

We have the opportunity to get a very accurate view ready to go for the FGNG reviews. Sounds like this will happen early next week. I'd like to make sure the P&Ls we put forward to Amy & Satya have our best views of the yearly financials – [REDACTED]

This will be the version that we are held to on a FY basis, so let's get it right. Should we set up time this week to review and discuss?

Hi Tim,

The dates mentioned in Shalima's note below are factored into [REDACTED]

The meeting on Tuesday Shalima is referring to is likely the Atom Campfire Sync at 10:30am – would you like to be included in that discussion?

Thanks,
Kelsey

We can connect on Tuesday morning at the regular sync to lock the agenda with Atom, once we've all had a read through the documents, and lock an agenda for the discussion with Atom.
