

Welcome to Xbox Game Studios

Our 23 game development studios, now including the studios under Bethesda Softworks, focus on delivering great games for everyone, wherever they play – on console, PC, or mobile devices. We're responsible for developing and publishing some of the biggest franchises in history: Age of Empires, Forza, Gears of War, Halo, Minecraft, Fallout, Microsoft Solitaire, Microsoft Flight Simulator, DOOM, The Elder Scrolls, and many more. We believe that play is the thing that unites everyone, because when everyone plays, we all win.
